FS Approaches

ITALY

User Guide

Add-on for

Introduction

FS Approaches – ITALY have been created to be used with exclusively with Microsoft Flight Simulator.

The archive you have downloaded contain the following files:

- **FS Approaches – ITALY User Guide** * the document you are reading
- **aircraft_setup.exe** * The archive with liveries used in the product
- **missions_setup.exe** * the mission pack:

System requirements

FS Approaches - Italy does not requires any additional equipment. The product can be used with the same requirements to run Microsoft Flight Simulator.

A running copy of Microsoft Flight Simulator installed on your Pc is required in order to use the product, as well!

However, here is a list of minimum requirements:

- Microsoft Flight Simulator
- CD-ROM drive (for boxed version)
- 2 GB of free disk space
- Adobe Acrobat Reader 6 or higher to read and print the manual (1)

(1) Available for free; download it at <http://www.adobe.com>

Installation

To install the product on your Personal Computer:

1) Run **AIRCRAFT_SETUP.EXE** and install into your **Flight Simulator Community Folder**. After installation, planes are ready to use and you don't have to edit any configuration file. Also, the installation does not affect other liveries already installed in your Flight Simulator.

Note: You must enter the correct path manually, browsing the folder on your Pc.

That why the Microsoft Flight Simulator's "Community" folder is located in dependance of your own settings.

Path should be something like the path below:

For the Windows Store install:

C:\Users\[Your User Name]\AppData\Local\Packages\
Microsoft.FlightSimulator_8wekyb3d8bbwe\LocalCache\Packages\

For the Steam install:

C:\Users\[Your User Name]\AppData\Local\Packages\
Microsoft.FlightDashboard_8wekyb3d8bbwe\LocalCache\Packages\

NOTE: Windows 10 by default hides the "AppData" folder, so before installing, you will have to go to "View" in the menu of File Explorer, and select show "Hidden items" so as to see it.

2) Run **MISSIONS_SETUP.EXE** and install in your main Flight Simulator Files folder, generally called **LocalState**.

The Flight Simulator Files folder is the folder where you find your saved flight and used by Flight Simulator to LOAD or SAVE a flight from the World Map screen.

The folder is located generally in something like this path:

C:\Users\[Your UserName]
\AppData\Local\Packages\Microsoft.FlightSimulator_8wekyb3d8bbwe\LocalState

Be sure to install into the correct folder!

In this manner all files will be copied into the appropriate subfolder. In brief.

Support

To obtain technical support, go to <http://www.fs2000.org/product-support/> indicating:

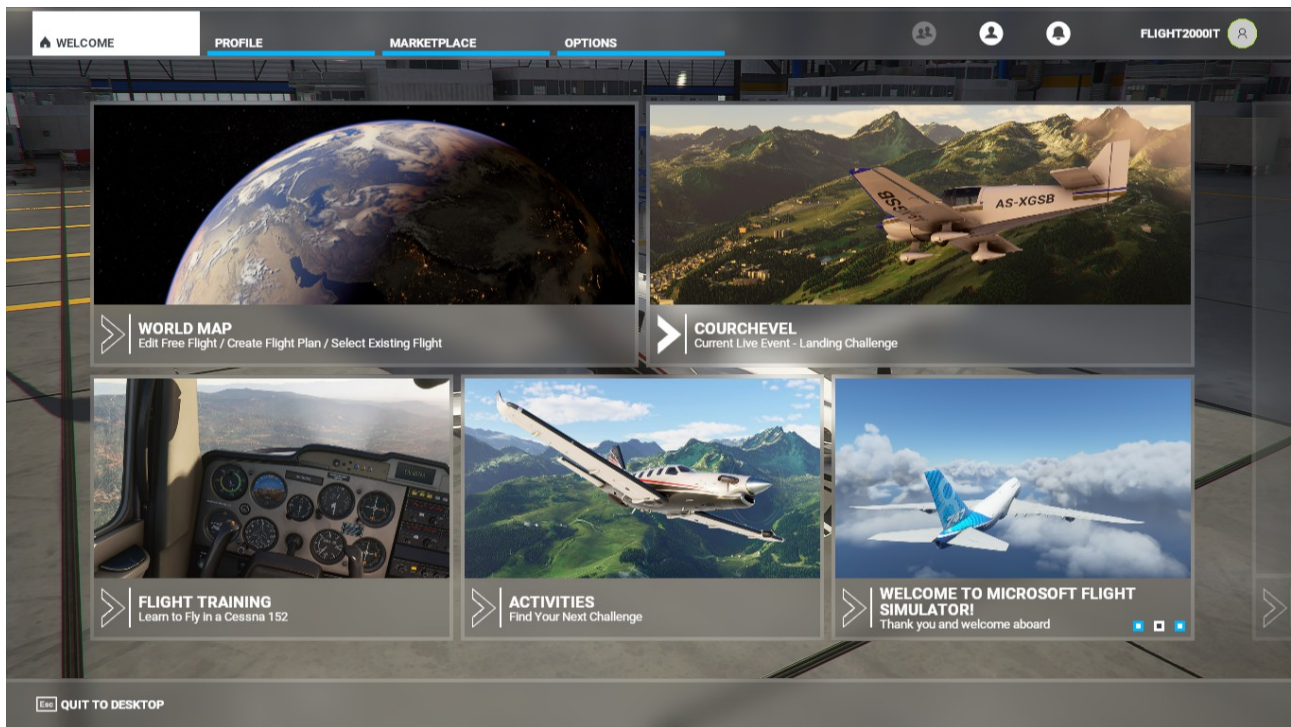

- Order number
- Product Title
- Flight Simulator Version
- Problem in detail

FS Approaches - Italy

Also, do not simply write 'The product does not work' but explain us clearly your problem, so we can help you better and faster.

How to select a Mission/Flight Approach

From the Main Flight Simulator screen, click on the **WORLD MAP**,

then, click on the **LOAD/SAVE** icon at the bottom screen

FS Approaches - Italy

Flights approaches are located under **MISSIONS\PERFECT FLIGHT\ITALY\MISSIONS** folder, in the **LocalState** folder, which is the default Flight Simulator's Files folder.

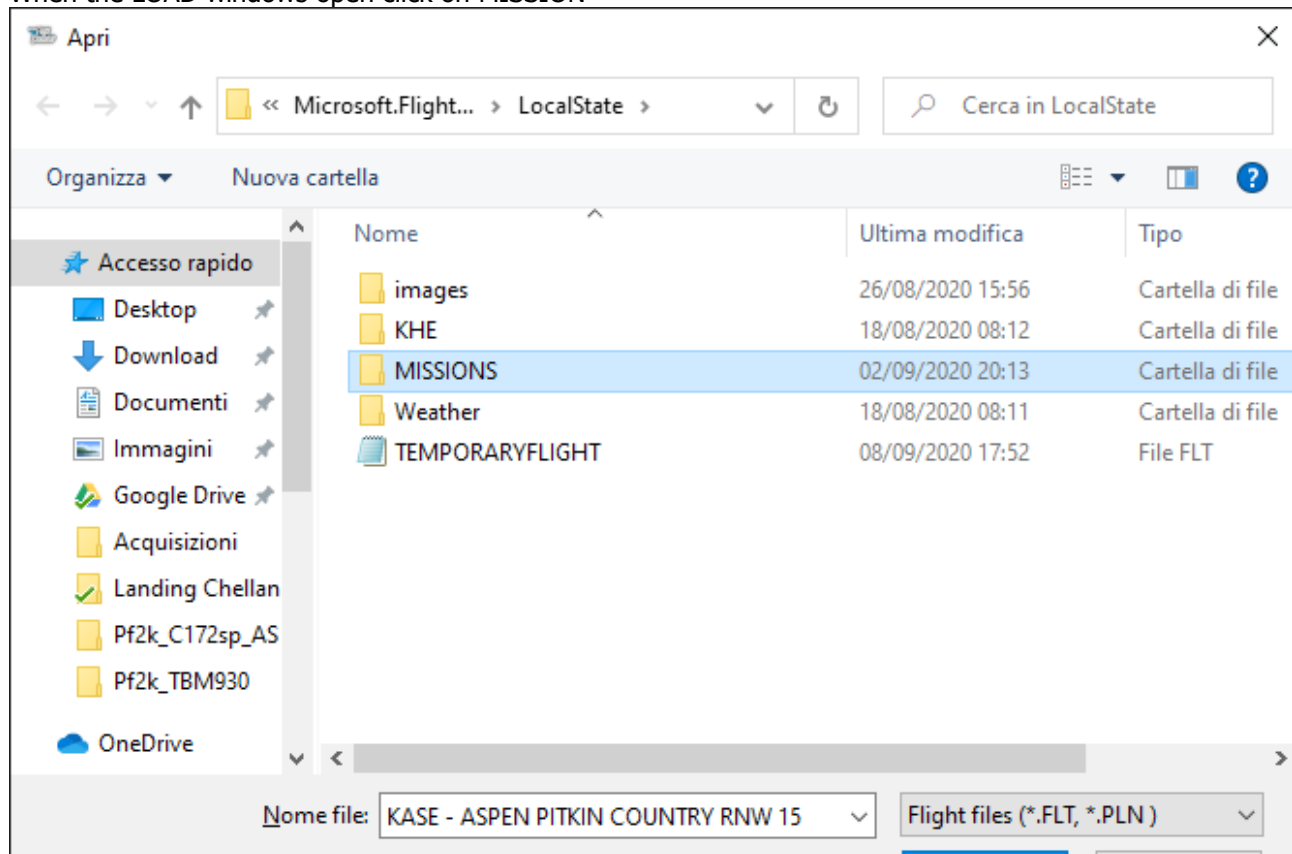

Here you will find two sub folder:

IFR Approaches

and

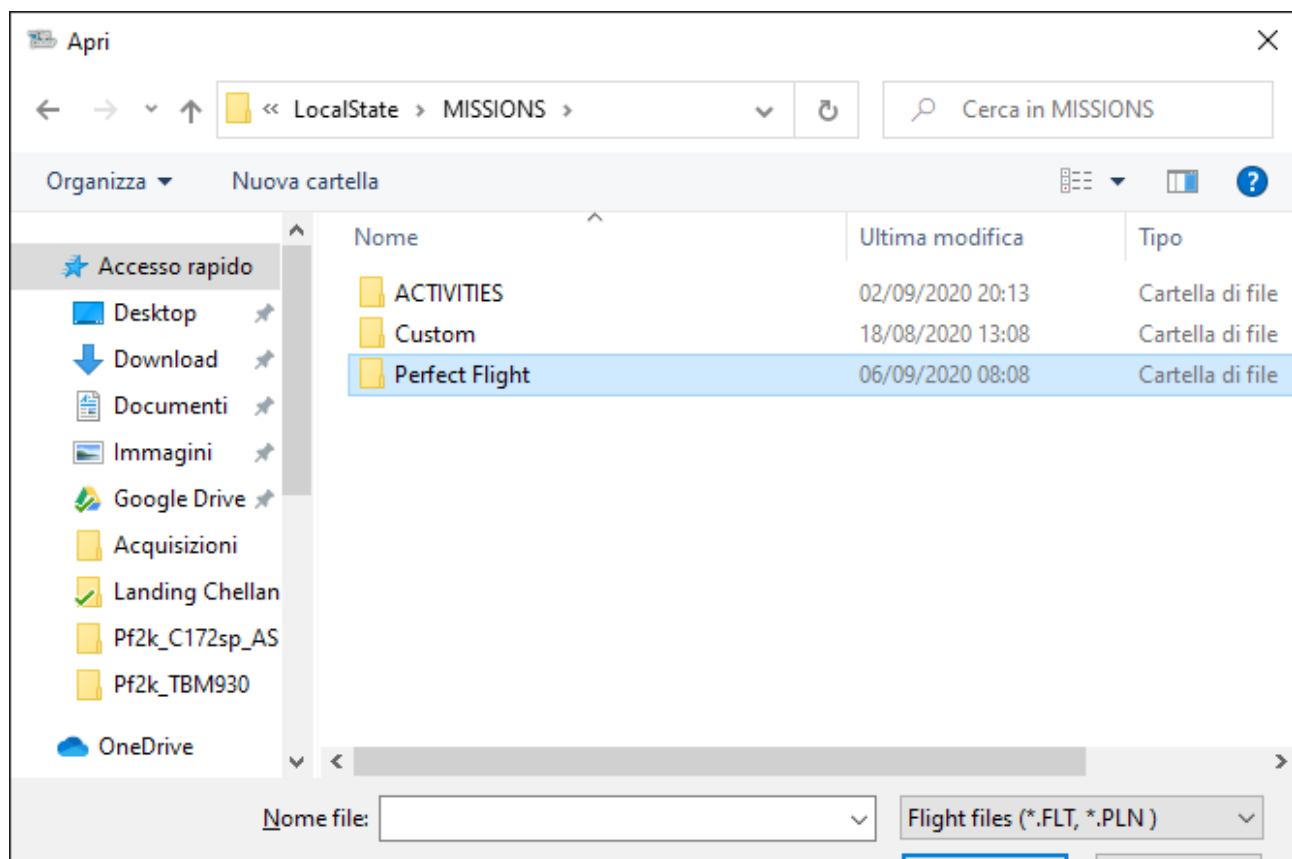

VFR Approaches

When the LOAD windows open click on MISSION

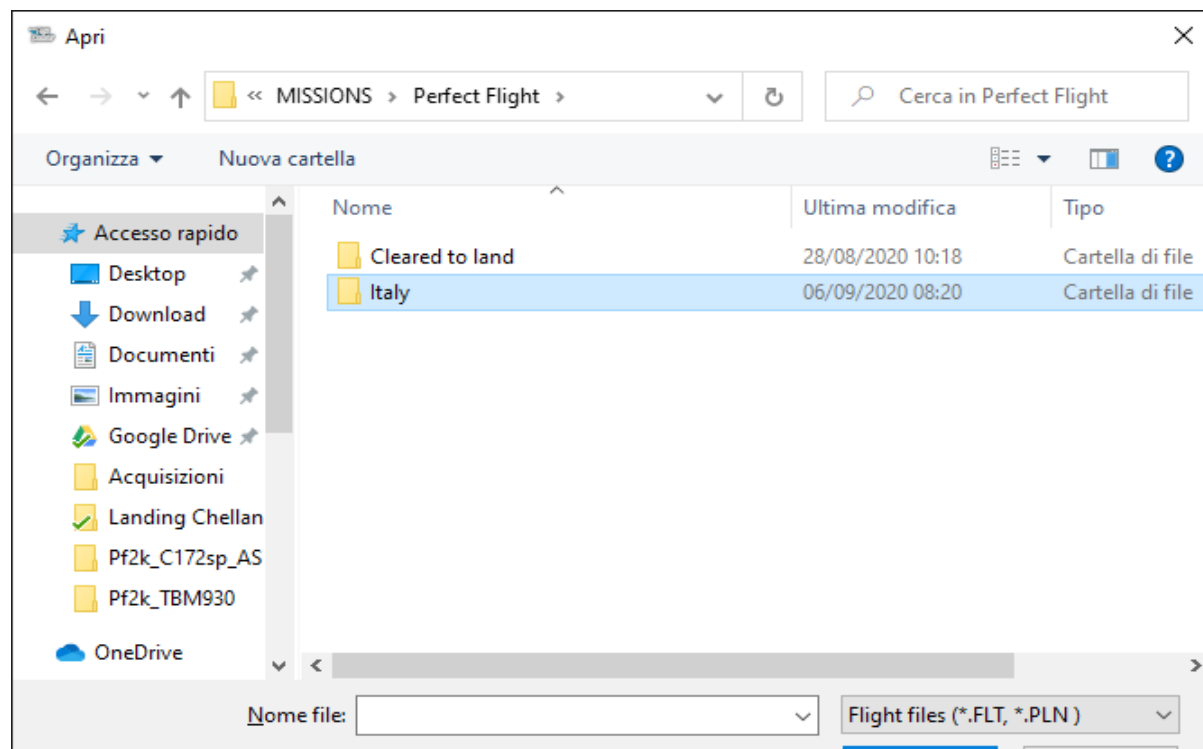

Then click on **Perfect Flight** folder

FS Approaches - Italy

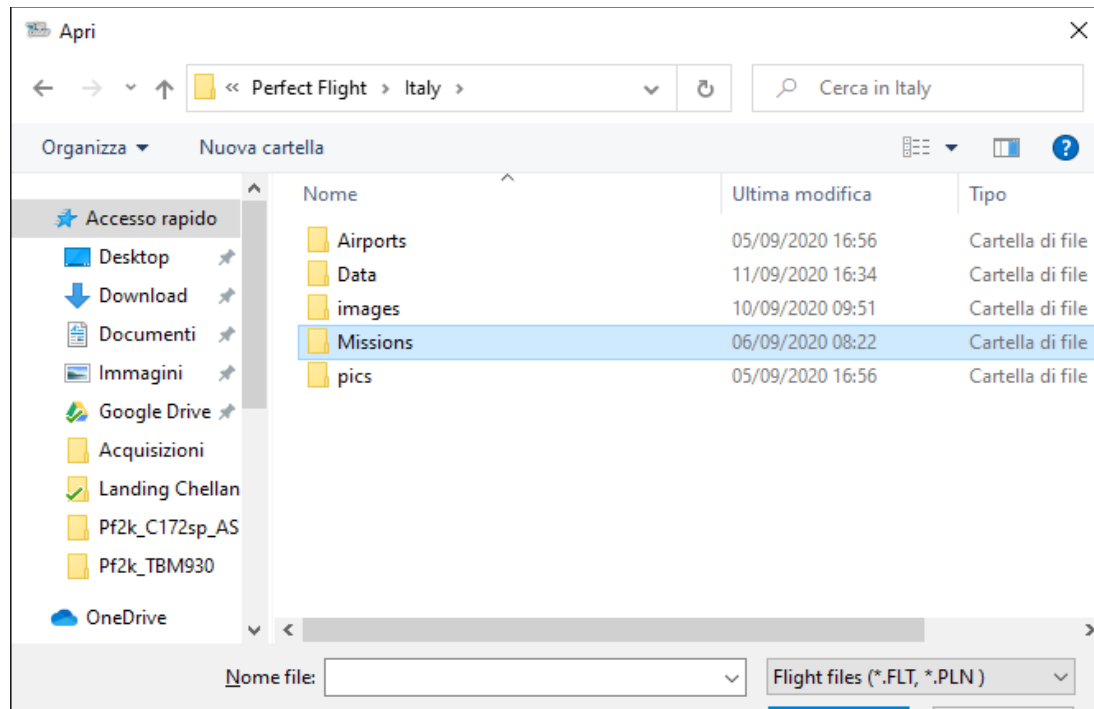

Now click on **ITALY** folder

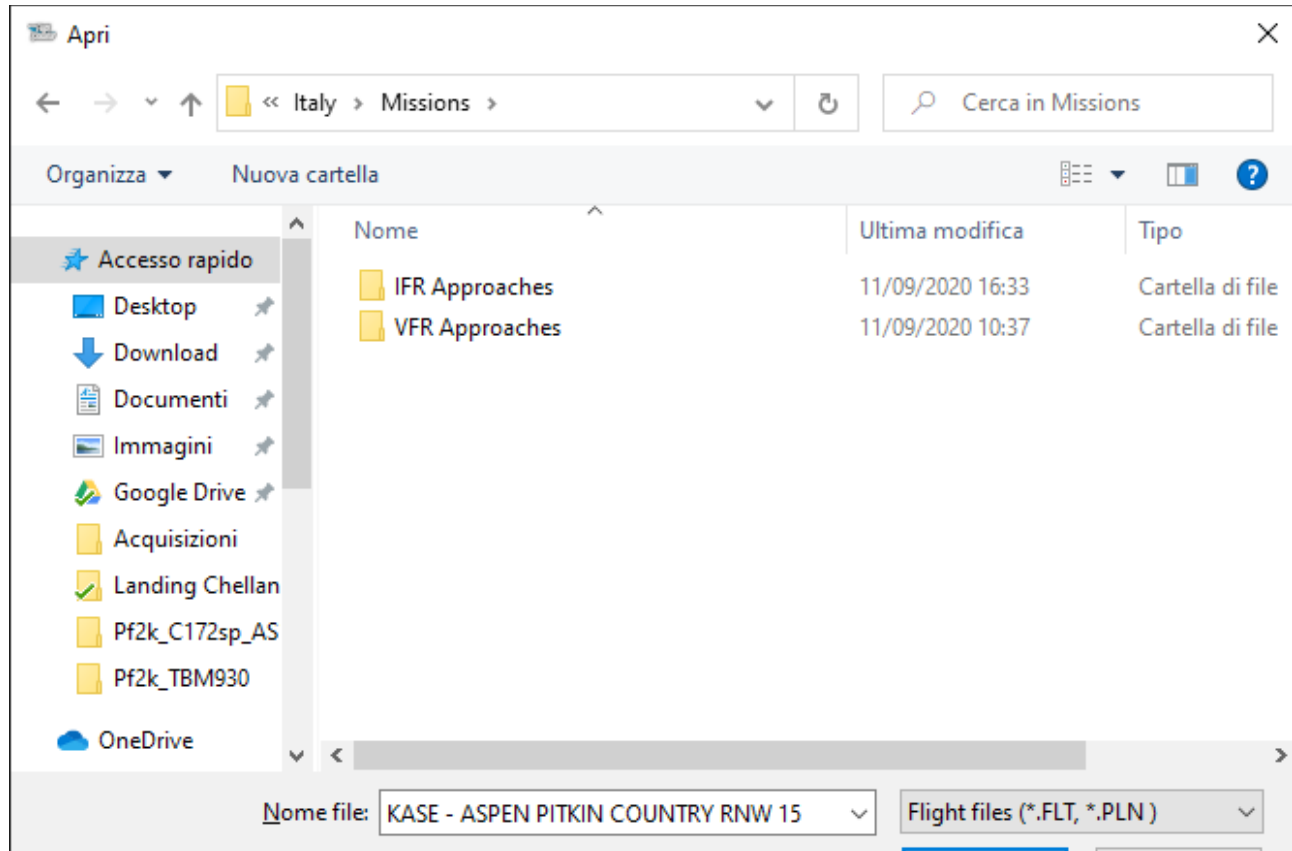

FS Approaches - Italy

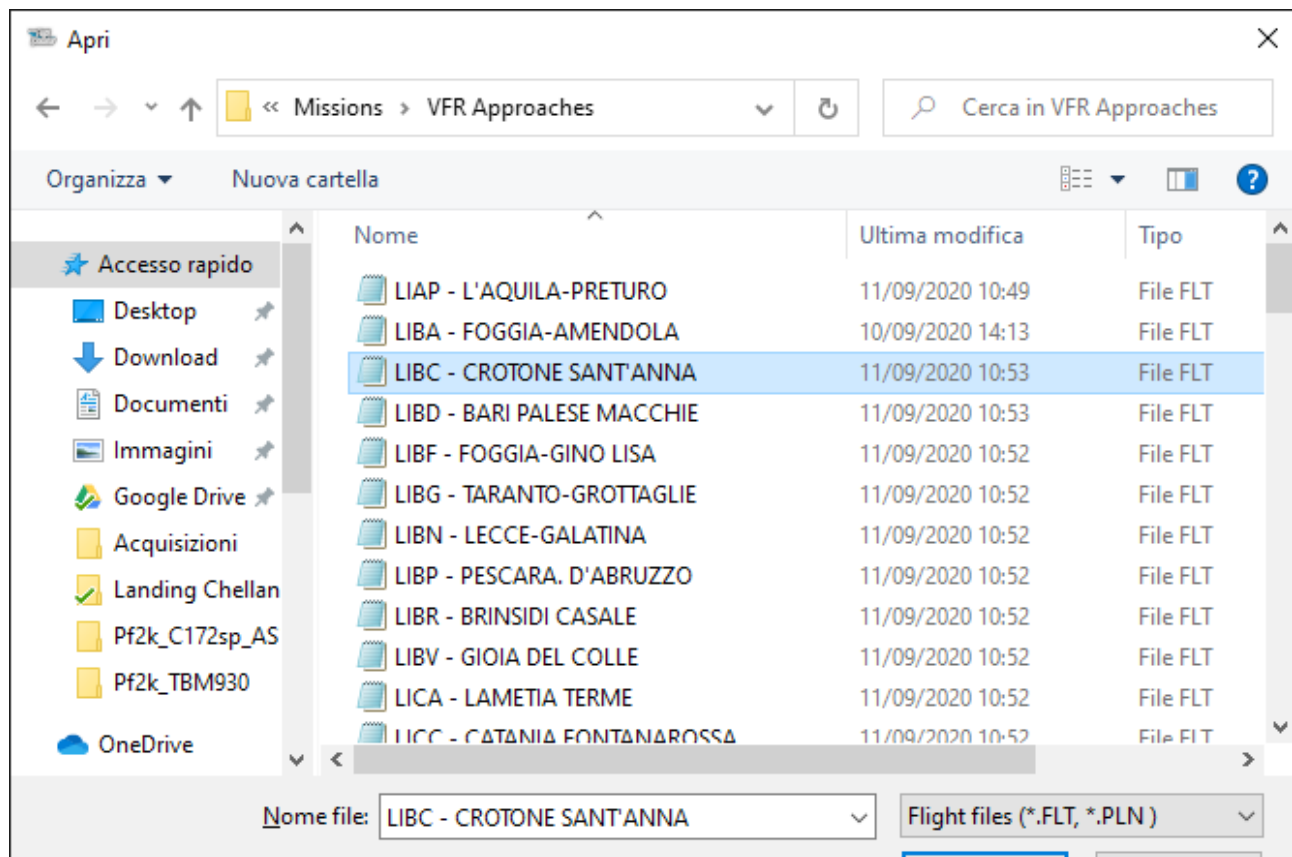

Now click on **MISSIONS** folder

Select the appropriate approach type, then choice an item. The mission/flight will be loaded into Flight Simulator.

FS Approaches - Italy

The goal of each flight/mission is to land safely at the destination airport. Land and taxi to the parking area to complete the flight.

Approaches uses real weather, so you can replay the missions in different weather condition.

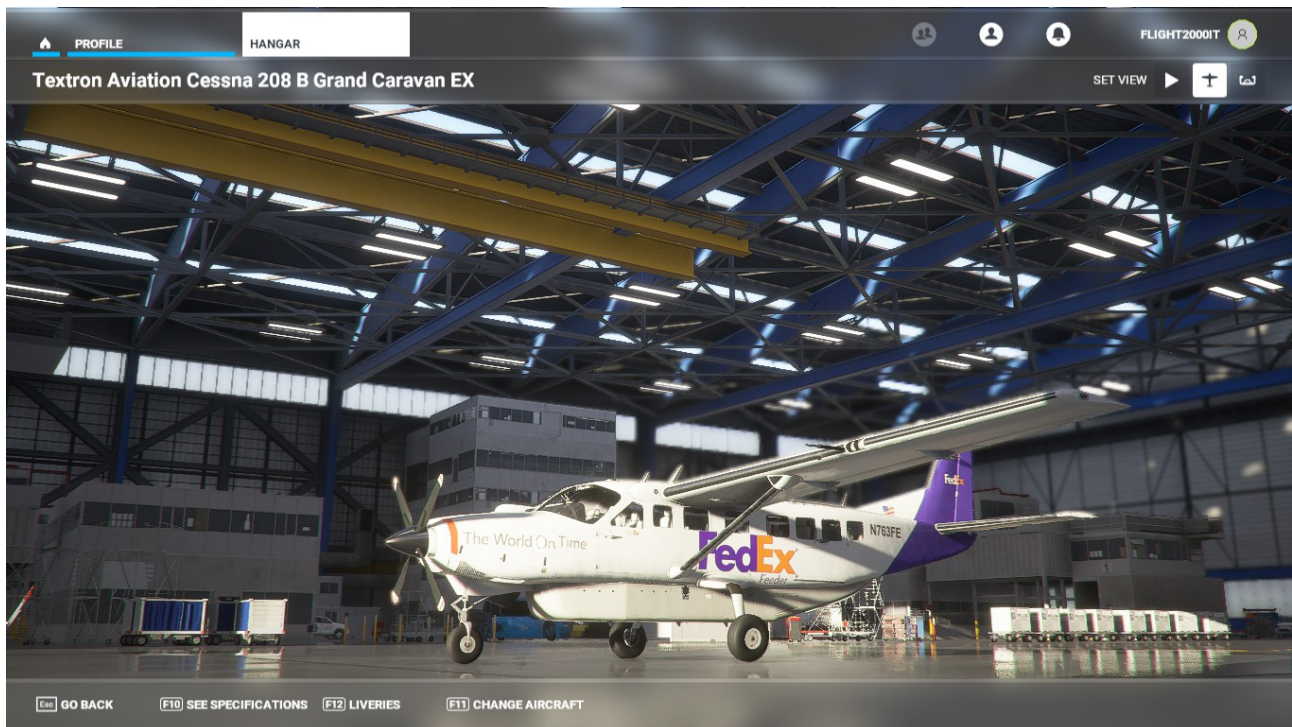

FS Approaches - Italy

Product also includes new liveries:

- **Airbus A320 Neo Poste Italiane**

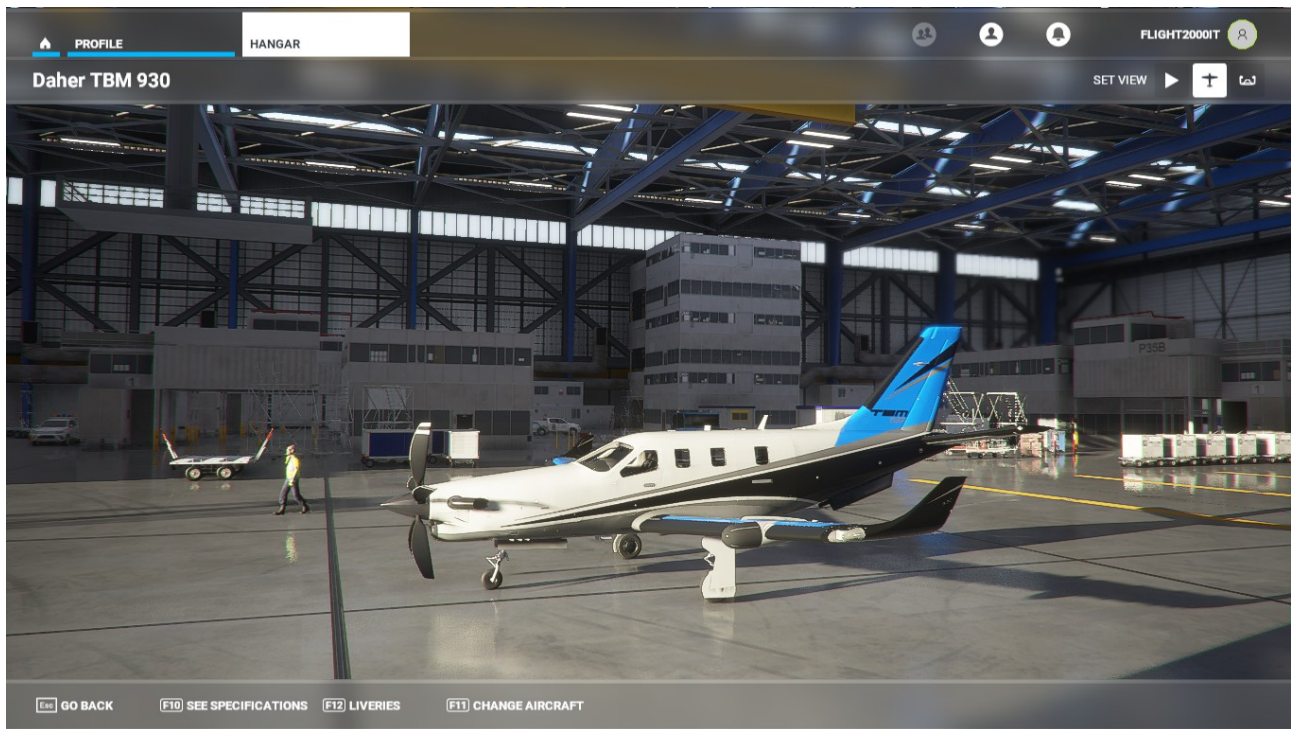

- **Cessna Grand Caravan FedEx**

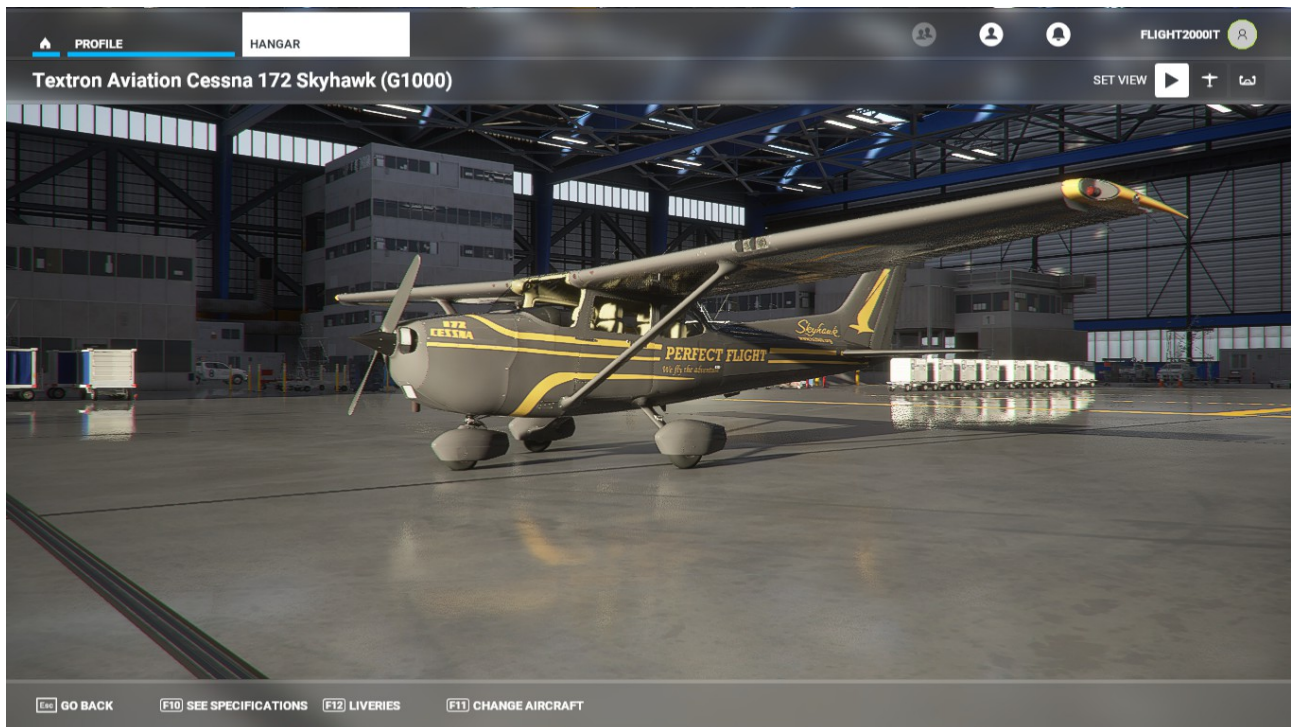

FS Approaches - Italy

- TNB 930 N694PB

- Cessna 172SP g1000 Perfect Flight
